As the Conference Mission Chair, I am excited that the Great Plains Mission Team, along with Congregational Nurture and Church Planting teams, has developed this dynamic opportunity for you, the church, and community to gain knowledge, skills, and experiences which will enrich one's life while advancing the Kingdom.

What you can expect when you come to the Mission Conference is that you will have many great learning opportunities through our Keynote Speaker, Bishop David Roller, throughout the conference. In addition, you will have opportunities to participate in mission-focused workshops, which are geared to equip individuals, churches, and communities to serve each other through "backyard" ministries.

The Ignite...Unite Mission Conference will engage the mind, body, and spirit through serving, worshipping, and networking with the sole purpose of helping each of us become *entangled* with our neighborhoods and communities to build the kingdom for Christ.

I wish to thank the Great Plains Mission Team, Pastors Bruce Leisy, Lewis Smith, Doug Heacock, Terry Stafford, and Dallas Burgeson for their ideas, prayers, leadership and time in developing this mission conference.

In addition, I am deeply grateful to Bishop Kendall, Superintendent Chuck Frankenfeld and Lori Kaufmann for their support and collaboration in making this conference a reality.

Before becoming a Bishop of the Free Methodist Church, David Roller was Area Director for Latin America. He and his wife Yvonne began their work as Free Methodist missionaries in Mexico in 1980, where they ministered for 17 years. In January 1997 David was appointed to the position of Area Director for Latin America. It was then that the Rollers and their two children Thad and Vangie moved to Santiago, Chile. In his role, David was responsible for Free Methodist World Missions administration and leadership development in 21 Latin American countries, giving special attention to the 15 young mission districts in Latin America, which are experiencing rapid growth.
