

**Ignite...Unite Mission Conference**  
**September 16, 2017 9-4:30pm**  
**McPherson Free Methodist Church**  
**1010 S. Maple St., McPherson, KS**

If you have not had a chance to register for the Ignite...Unite Mission Conference now is the time. Bishop Roller is the keynote speaker along with the following three workshops:

Workshop: Church Planting for Everyone: When Discipleship Has Its Way:

Have you ever thought that church planting was only for a certain kind of superhero? Could it be possible that planting churches is just a natural extension of normal Christian people responding to Jesus' call to make disciples of all nations? We think so. In fact, we think that church planting is in many ways an indispensable part of the discipleship process that helps shape every other aspect along the way. Come add your voice and vision to a very important conversation for the Great Plains Conference, and find another way of seeing what God might want to do through you and your church!

Workshop: Entangled in the Community:

There's a wide, diverse mission field around the corner, across the street, over the fence, and all around the places where we live. This workshop is intended to help us think together about ways we can love others as Jesus does, right in our own communities. We'll share interactively about ways we are (or could be) doing this, practical ideas, steps we can take tomorrow, resources that can inspire and equip us, and more. Presented by members of the GPC missions team.

Workshop: Providing Hope in Our Neighborhoods:

A coordinated and partnered approach to serving our community and meeting the needs of individuals and families will be offered. This workshop will offer tangible experiences for how we are entangled in our neighborhoods. SoCe Life works in their neighborhood in Wichita, KS to discover the gifts and possibilities God has placed among their neighbors. In the process of our work, we realize there is great power in the simple act of neighboring.
